John 13:34-35 (NIV)

“A new command I give you: Love one another. As I have loved you, so you must love one another. By this everyone will know that you are my disciples, if you love one another.”

Several times a month, I cross the Mackinac Bridge. Miles before reaching the bridge, the suspension towers shine white against the blue sky. During almost the 5 miles driving over the bridge, the views are even more amazing. Looking out over the railings, I see ferries traveling to Mackinac Island with white foam trailing behind, sailboats, and amazing shorelines. There are so many things on which to focus. However, I am driving across a bridge high above the water! This means focusing on the highest priority; the road & the traffic around me. In life, and in faith, focusing on the highest priority is very important.

In John 13, Jesus shares with the disciples his principles for a life of faith. We are to focus on **love**; especially loving each other the way Jesus shows love to us. What does this look like? In Galatians & 1 Corinthians, loving behavior is described as kind, patient, not irritable or envious, displaying goodness & self-control & gentleness. Behavior that does not “bite and devour each other.”

How are you doing in these areas? When we see room for improvement, Jesus invites us to live more deeply in the Way of Love. Love for God. Love for self. Love for one another. We do this by spending time with God. As we do so, the very character of God rubs off on us, changing us & filling us. We can then share this love with others in how we speak & act. As Jesus stated, **“By this everyone will know that you are my disciples....”**

Drawing Success

In 1923, the talented cartoonist Walt Disney moved to Los Angeles, California, after his Laugh-O-Gram animation studio went bankrupt. On October 16 of that year, Walt and his brother Roy founded the Disney Brothers Cartoon Studio, the studio that would eventually become the Walt Disney Company. It would be five years before Disney created Mickey Mouse, who debuted in the cartoon short *Steamboat Willie*. Mickey would become so popular that Walt used the character in several cartoon shorts. Walt's ambitions then grew. In 1934, he decided to produce a feature-length cartoon. The film employed over 300 animators, artists, and assistants and went 400% over budget. Some called it "Disney's Folly," but we now know it as *Snow White and the Seven Dwarfs*. This smash-hit would make the Walt Disney Company the most successful media company in the world.

Do you have a favorite Disney movie? Whether it's a classic "oldie but goodie" or a new modern version, we love to watch a movie!

For November, we will have a poll to see which one is your favorite! Rachel will put together a list of Disney classics & we will vote on our favorite & then have a movie week in January 2023!!

Stay tuned for the list of movies!!
